SENDS WIFE ON AN ERRAND AND THEN SUICIDES

TOM MURRAY ENDS LIFE LAST EVENING BY TAKING CARBOLIC ACID

While his wife was absent from the home telephoning for his brother, Tom Murray, a well known miner of this camp, committed suicide last evening by partaking of the contents of a three ounce phial of carbolic acid. Mrs. Murray returned several minutes after her husband had taken the poison and he died before a physician could reach his side.

Murray had been acting queerly for the past week. Tuesday night he suddenly disappeared and officers searched for him for several hours. It appeared that he had started for Goldfield, and during the night walked the entire distance to the southern camp. He returned to Tonopah yesterday morning and was taken to the home of his brother, Jack Murray, foreman at the Extension mine. During the day he left his brother's home and went to his own home on St. Patrick street, above the Presbyterian church.

Shortly after 5 o'clock Murray asked his wife to telephone for his brother and while she was absent on this mission he poured the acid from the phial into a glass and swallowed the draught. Mrs. Murray, on her return from a neighbor's house where she had used the telephone to communicate with her brother-in-law, found her husband suffering great agony from the acid. She phoned for a physician but when Dr. Grigsby arrived a few minutes later Murray had succumbed.

The carbolic acid had been purchased in Goldfield, for it bore the label of a drug firm of that city. Murray had often threatened to end his life and a close watch had been kept upon him for the past week. The inquest over the remains will be held this afternoon by Justice of the Peace Dunsmuir, the ex-officio coroner. The remains are at the undertaking parlors of Wooncott and Hall.

GOLDFIELD MAN IS KNOCKED DOWN BY HOSE WAGON

HAS NARROW ESCAPE AS WHEELS OF VEHICLE MISS HIM BY AN INCH

Ed Prothero, accountant at the Goldfield hotel, came literally within an inch of death Tuesday night, but luckily with no bones broken, he is under the care of Dr. Turner at the hotel in the sister camp.

The fire department was responding to an alarm and the chemical engine had passed Columbia street going west on Creek. Prothero and a boy named Donnelly, who were at the postoffice, ran out at that moment and Donnelly was expecting to catch the rear end of the chemical when it passed. Donnelly rushed into the street, and just then the hose wagon swung around the Tribune corner.

Prothero was ahead of Donnelly and was struck down by the horses. The few people in the street at the time yelled, thinking Prothero was certainly killed, but the wheels, though they passed within an inch of his body, only touched him and his bruises were from the horses' hoofs. It was a close call, as the wagon was going at full speed around the corner at the time.

MANAGER OF GOLDFIELD HOTEL UNDER ARREST

CHARGED WITH THE EMBEZZLEMENT OF FUNDS FROM THE HOTEL COMPANY

Joseph Pierce, for years manager of the Goldfield hotel, only retiring from that position last Saturday, was arrested yesterday afternoon in the southern city by Deputy Sheriff Bogard on a warrant charging him with embezzlement from the hotel company.

The warrant was issued by District Attorney Diskin and was sworn to by A. H. Howe, an officer and director of the hotel company. The specific charge is the embezzlement of the sum of \$500.

It is said, however, that the amount involved is quite heavy and the amount mentioned in the complaint is simply to comply with the law regarding a specific statement of each offense.

Pierce was chief clerk of the old Hotel Casey for two years and is known to every visitor to Goldfield. From the Casey he went to the Goldfield as chief clerk, but a year and a half ago became manager.

Up to a late hour yesterday afternoon he had not given bonds. Augustus Tilden is his attorney.
